The Civic League at Murray is pay-
ing 20 cents a 100 for flies killed by
children.

The New York Senate Friday
passed by a vote of 41 to 1 the Welsh-
Slater bill to provide for general mili-
tary and physical training of boys be-
tween 16 to 19 years.

The Democratic state convention to
be held at Lexington May 24th, bids
fair to be entirely harmonious. The
anti-administration faction will prob-
ably be allowed one of the delegates
at large.

A Belgian saloon-keeper at Vin-
cennes, Ind., went on the warpath
and whipped two Germans who said
they would help Germany if war was
declared between Germany and the
United States.

A large proportion of the teachers
from this and neighboring counties
are planning to attend the meeting of
the Kentucky Educational Association in
Louisville on April 19-22. Also a
number of trustees will go along.

Christina Thaw, of St. Louis, has
filed suit for divorce from Harry K.
Thaw in St. Louis, asking for support
and maintenance and the custody of
their daughter, 12 years old. The
petition states that the plaintiff and
Thaw were married in Buffalo about
October 6, 1902, and went to New
York, the following day.

The extent of the damage of the en-
tente allies since the inauguration of
the new German submarine campaign
is indicated by an official statement
from the German admiralty. It is
said that in March, eighty trading
vessels of hostile nations with an ag-
gregate tonnage of 207,000 were sunk
by German submarines or by mines.

Bud Fisher, says a writer in the
May American Magazine, creator of
"Mutt and Jeff," is the highest paid
cartoonist on earth. He gets \$150,-
000 a year for making the American
people chuckle—which is twice what
the President gets for shaping their
national destiny. Furthermore Fisher
is troubled neither by international
complications nor by office seekers.
His office is in his hat.

Charging that he had been unlaw-
fully assaulted during the night of
April 16, 1915, severely beaten,
bruised and maimed, C. W. Barnes,
a well-known farmer of Ohio county,
through his attorney, C. E. Smith,
has filed suit for \$25,000 damages.
Some of the defendants are prominent
farmers and business men and are
alleged to have been members of the
"possum hunters" organization, sev-
eral members of which are now serv-
ing terms in the penitentiary for out-
rages committed in Ohio county.

CONFIRMED PROOF

Residents of Hopkinsville Can-
not Doubt What Has Been
Twice Proved.

In gratitude for complete relief
from aches and pains of bad backs—
from distressing kidney ills—thou-
sands have publicly recommended
Doan's Kidney pills. Residents of
this vicinity who so testified years
ago, now say the results were per-
manent. This testimony doubly
proves the worth of Doan's Kidney
Pills to Hopkinsville kidney sufferers.

W. T. Fox, grocer, Elkton, Ky.,
says: "I used Doan's Kidney Pills
when suffering from kidney trouble
and their good work astonished me.
The pains in my back left immedi-
ately, my kidneys were strength-
ened and I felt better in every way."

A PERMANENT CURE.

Over three years later, Mr. Fox
said: "I haven't had occasion to use
any kidney medicine since Doan's
Kidney Pills permanently cured me."
Price 50c, at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that
Mr. Fox has twice publicly recom-
mended. Foster-Milburn Co., Props.,

How to Ride.

In riding sit erect and don't slouch
along. Don't try to be a cowboy if
you are not. We have the real, sim-
ple cowpunchers and broncho bust-
ers, also we have the tinhorn variety
of the same species. Steer clear of
the latter; also be careful not to get
into this category yourself. Remem-
ber that a horse is only flesh and
blood. He gets tired, hungry and
thirsty, and for goodness' sake treat
him accordingly. Because he is a
lively horse and you are paying his
hire, treat him white just the same.
Remember that someone else rode him
yesterday and another will probably
do so tomorrow. Give your horse the
same kind of a deal you yourself would
demand if you were in his place; even
a bronc has feelings and will appre-
ciate your thoughtfulness.—Outing.

Don't Worry---Eat.

Memphis, Tenn.—Mrs. Emma D.
Looney, of this place, says: "I suf-
fered misery or nearly eight years,
but since taking Cardui, I am much
stronger, and I haven't missed a
single meal. I hardly know how to
express my gratitude." Don't
worry about your symptoms—Cardui
doesn't treat them. What you need
is strength. Cardui helps you to
get it. Take Cardui, because other
tonics and medicines do not contain
its peculiar and successful ingredi-
ents, imported especially for its man-
ufacture. Half a century of success,
has stamped Cardui with the seal of
public approval. During this time,
Cardui has benefited a million women.
Why not you? Try it today.—Adver-
tisement.

Avoid Spring Colds.

Sudden changes, high winds,
shifting seasons cause colds and
grippe, and these spring colds are
annoying and dangerous and are
likely to turn into a chronic summer
cough. In such cases take a treat-
ment of Dr. King's New Discovery,
a pleasant Laxative Tar Syrup. It
soothes the cough, checks the cold
and helps break up an attack of
grippe. Its already prepared, no
mixing or fusing. Just ask your

Compelling Belief in Dreams.

SAMOANS IMITATE EUROPE

They Wear Civilized Clothing and
Eat Fancy Food—Native Homes
Now Made of Sawed Pine.

The natives of Samoa are exhibiting
a marked inclination to imitate Euro-
pean manners. The beautiful siapos,
hallowed by age-long usage, are dis-
appearing more and more, their places
being taken by imported cloth. Wom-
en and girls like to put on greater
quantities of European wearing ap-
parel.

In the vicinity of Apia, native Sam-
oan house and kitchen utensils have
been replaced by European articles of
less worth. New foods are being in-
troduced. Instead of taro, bananas
and yams, the natives now eat rice,
biscuits and bread, and even drink
coffee in the morning. The new foods
however have but a limited number of
consumers at present.

The native huts were formerly cov-
ered with thatches of sugar cane. In-
sects have destroyed the sugar-cane
plantations, and the natives now cover
their dwellings with corrugated iron,
which gives them much less protection
against the sun during the day and
against the cold at night. The Sam-
oan house is disappearing, too, and its
place is being taken by square build-
ings of American pine.

The total native population of the
Samoa group is about 42,000. There
are 1,500 whites and half-castes.

How Rainfall Affects Crops.

The enormous value of rainfall to
the agriculturist is set forth by E. J.
Cragoe in the Journal of Geography.
He calculates that the increase in the
wheat crop in the Dakotas, California,
Washington, Kansas and Nebraska for
each inch of rainfall above four
inches in May and June represents a
value of about \$15,000,000. The fig-
ures for corn are more impressive;
one inch of rainfall above three inches
in July in Indiana, Illinois, Kansas,
Iowa, Ohio and Nebraska, increases
the value of the crop by \$160,000,000.
Moreover, it was found that when the
July rainfall averaged less than 3.4
inches the yield of corn averaged ten
bushels less to the acre than when it
was more than 4.4 inches. This rep-
resents an increased value of about
\$250,000,000.

Pinioned, Saved by Penknife.

Caught beneath a falling tree,
Thomas J. Todd, farmer, near Fed-
eralsburg, Md., had a narrow escape
from being crushed to death. He was
passing through a woods on his farm
when a large tree suddenly fell, knock-
ing him down and pinioning him be-
neath it.

Realizing his perilous position, with
no help near, he reached in his pocket
and managed to get his knife. Lying
on his back, undergoing severe pain,
he cut down two saplings and with the
prongs of these, after an hour's work,
succeeded in prying the tree off his
lower limbs far enough to let him
squeeze out.

He was brought to a physician in
Federalsburg and his wounds dressed.

Combating Gas Fumes.

The armies of the allies are using
sponges or gauze soaked with some
solution to absorb the chlorine and
bromine gases employed by the Ger-
mans in trench warfare. Ordinary
"hypo," or sodium thiosulphate, is
widely used for this purpose and it
gives generally good results except
that the reaction between the hypo
and the chlorine or bromine liberates
some hydrochloric and sulphuric acid.

Prosperity for Alaska.

According to reports from Skagway,
Alaska, shipments are being made
from large deposits of magnesite in
that locality as a result of the Euro-
pean war.

Rheumatic Pain Stopped.

The drawing of muscles, soreness,
stiffness and agonizing pain of
Rheumatism quickly yield to Sloan's
Liniment. It stimulates circulation
to the painful part. Just apply as
directed to the sore spots. In a
short time the pain gives way to a
tingling sensation of comfort and
warmth. Here's proof—"I have
had wonderful relief since I used
your Liniment on my knee. To
think one application gave me relief.
Sorry I haven't space to tell you the
history. Thanking you for what
your remedy has done for me."—

Not "There" in Beans.

My sister had brought home an un-
satisfactory report card, and mother
scolded her a good deal for it. We
were called to lunch just then, and,
having a new maid, this was our first
taste of her baked beans. My sister
took a few mouthfuls (which were
rather too sweet with molasses), and,
looking up at mother, said: "If that
maid of ours got a report card, I can
tell you she'd get 'poor' in beans."—
